# ABOUT US

Founded in 2017 by Mr. Sharan Gautham Sakthivel, Lasak Technologies is a division of Lasak Groups of Companies.

# VISION

The vision for civil products extends far beyond bricks and mortar. We envision a future where civil products are the cornerstone of a built environment that is not only functional and aesthetically pleasing

# MISSION

Civil engineering shapes the world around us, from towering skyscrapers to sprawling bridges and the intricate networks that deliver water and electricity. Civil products are the essential materials that bring these civil engineering marvels to life.

The mission of civil products goes beyond simply providing building materials. We strive to be a driving force in creating a more sustainable and resilient built environment for generations to come
